A diverse community of various viewpoints, goals, and styles prepares students for future relationships, diverse careers, and living in a dynamic global society.

Student Involvement

The Office of Student Involvement helps students explore their leadership potential by creating a strong foundation of ethical behavior with an overall awareness of social justice and global issues. Involvement in co-curricular activities provides the opportunity for students to apply skills learned in the classroom.

In addition to promoting and encouraging the development of leadership skills, the office supports the needs of traditionally underrepresented students. The office provides services that address the needs of underrepresented students as well as promote educational opportunities for the entire campus community.

The office provides a wide range of diverse and inclusive leadership opportunities that include:

- College governance through a comprehensive student government association, residence hall association, and membership on college-wide committees;
- Clubs and organizations provide the opportunity to fulfill the social, cultural, academic, political, spiritual, and recreational interests of students;
- Student publications, such as *Chimes*, the student literary magazine which reflects the artistic life of its contributors; *The Avenue*, an independent literary journal designed to allow the expression of student thought and concern; *The Blue Mantle*, the student published yearbook; and *The Observer*, the daily newspaper published for and by the Saint Mary's and Notre Dame student community;
- National leadership and academic conferences, where Saint Mary's student leaders enjoy a broad sphere of influence at the state, regional, and national level serving as board members on steering

committees, presenting at leadership and academic conferences, and hosting regional and state conferences;

Division for Mission

The Division for Mission fosters the integration of the Gospel, the riches of the Catholic tradition, and the heritage of the Sisters of the Holy Cross into the life of the College community; serves the College community by enlivening the hearts and minds of its members to respond to the Gospel call to community, prayer, and service. The Division for Mission is comprised of Campus Ministry, the Center for Spirituality, and the Office for Civic and Social Engagement (OSCE).

Campus Ministry

Campus Ministry fosters the call to community where freedom and fullness of life is celebrated through word, sacrament, service, and action for justice. Contributing to the liberal arts tradition, Campus Ministry has a particular responsibility to encourage students to grow in both intellectual and experiential knowledge of their faith and to assume leadership roles within the Church and society.

Campus Ministry offers regular celebrations of Eucharist and Reconciliation and opportunities for communal prayer. These prayer opportunities are ecumenical and often include student presiding and preaching. The community also gathers to pray before Christ during Solemn Exposition of the Eucharist. The department offers catechesis and formation for students interested in baptism or for those students baptized in other Christian denominations who would like to become Catholic. Every year students who request it are prepared for Confirmation. Students engage in other forms of reflection and formation through liturgical ministry formation, bible study, retreats and individual spiritual guidance. Campus Ministry offers the chance for interested students to experience pilgrimage to places where the Sisters of the Holy Cross serve outside the United States. An active Catholic Relief Services group engages students to work for global justice.

The Center for Spirituality (CFS)

Founded in 1984 with generous support from the Sisters of the Holy Cross, the Center for Spirituality offers programs that promote the engagement between faith and reason and the connection between mind, body, and spirit. Spirituality at the Center is discussed as an academic discipline and as a way of life and includes individual and social dimensions of spirituality. Programming draws on intellectual resources in the Catholic and Christian heritage as well as how individuals practice faith in their daily lives to develop critical conversations around contemporary religious issues, especially as they relate to women's

experience. Opportunities for students include: annual fall and spring lecture series on designated themes; the Madeleva Lecture given annually by a prestigious female scholar of religion; and the Real Life Project seminar in vocation, inviting students in small groups to discuss the ways in which faith intersects with their future careers and life callings

The Office for Civic and Social Engagement (OCSE)

The Office for Civic and Social Engagement is the campus organization which facilitates engagement in the community. This includes volunteer service, service-learning and experiential learning. Rooted in a commitment to social responsibility, the Office provides opportunities to become actively involved in local organizations and community based projects and events. The OCSE is also home to the College Academy of Tutoring Program (CAT) which partners college students as tutors to local Title 1 public schools. Through all of its programs, the office encourages all constituents of the College to be engaged in faithful and compassionate outreach to those in need and facilitates reflection on the impact and challenge of service.
